## Professional Summary

Data Analyst with expertise in **Power BI, Tableau, SQL, Python, Snowflake, and Microsoft Fabric**. Skilled in BI dashboarding, data modeling, and workflow automation. Hands-on experience in **PySpark, Databricks, Azure Data Factory, Hadoop, ETL pipelines**. Certified in **Power BI (PL-300), Fabric Analytics (DP-600)** and **Microsoft Fabric Data Engineer (DP-700)** with a proven ability to deliver actionable insights.

## Experience

**Accenture – Data Analyst** (Feb 2024 – Present)

- Built **Power BI/Tableau dashboards** driving KPI monitoring & insights.
- Automated reports with **Python and Power Automate**, saving 15+ hours monthly.
- Developed **Azure Data Factory pipelines** to integrate SQL Server, Snowflake, and Databricks data.
- Optimized **Microsoft Fabric models**, improving reporting speed and enabling self-service analytics.
- Wrote **SQL queries and DAX measures** to deliver accurate, business-ready insights.
- Implemented **Fabric pipelines with Delta Lake** for better performance and governance.

**TalentSprint – Junior Data Scientist** (May 2023 – Nov 2023)

- Cleaned and analyzed datasets using **Python, Pandas, and NumPy**.
- Built and tuned **ML models** (regression, classification) to improve accuracy.
- Created **visual insights with Matplotlib and Seaborn** for leadership reports.
- Supported **big data pipelines in PySpark and Hadoop** for scalable analytics.
- Improved **SQL queries and ETL processes**, reducing processing time.
- Documented workflows and mentored interns on **BI and data practices**.

## Technical Skills

- BI & Visualization:** Power BI, Tableau, Microsoft Fabric, Snowflake
- Data Engineering:** PySpark, Databricks, Azure Data Factory, Hadoop, ETL Pipelines
- Programming:** Python, SQL, DAX, PowerShell, M Language
- Databases:** PostgreSQL, SQL Server, Excel (Advanced), Data Cleaning, Data Modeling
- Analytics & ML:** Scikit-learn, Pandas, NumPy, Regression, Classification
- Automation:** Power Apps, Power Automate, Power Platform

## Education

**B.Tech in Computer Science (2019-2023) – Honors**  
Chandigarh University

## Certifications

- Microsoft Certified: **PL-300 – Power BI Data Analyst Associate**
- Microsoft Certified: **DP-600 – Fabric Analytics Engineer Associate**
- Microsoft Certified: **DP-700 – Microsoft Fabric Data Engineer Associate**
